G-STORM™

The G-Storm™ is a one-of-a-kind attraction that sends a gondola filled with passengers flying back-and-forth while traversing a track between 2 towers.

The unique track system allows for the gondola to thrill passengers over water, terrain, or any area with its flexibility to custom design the distance between the towers.

There is no other attraction that offers the remarkable design and flexibility the G-Storm™ offers, while delivering an unforgettable and exhilarating experience.
