MV RIDES

UNICOASTER®

The Unicoaster® is an interactive attraction that thrills all ages with a unique and exciting ride experience.

Riders love the ability to control the action by using the control stick to flip themselves forward or backwards. The interactive rider control makes every ride unique and allows riders to control the excitement level.

Design

- All the thrills of a looping rollercoaster at a fraction of the cost.
- Attraction designed to provide high thrills to all ages.
- Each vehicle's passengers can control their own spin, forwards and backwards.
- Two-seat vehicle with over-the-shoulder restraints.
- Unicoaster Roulette offers the concept of "The Game You Can Ride", since a lucky rider can hit a winning number.
- Lighting package provides a dynamic visual spectacle at night.
- Great return on investment.
